## Preserving and Telling the Heritage of the Monongahela Area

The Monongahela Area Historical Society was founded in 1969 to identify, study, and help to preserve and to celebrate our local heritage. It still takes dedicated, informed individuals who are willing to study, and to take a stand for what they believe to be our local historical legacy. Education is a large part of what the Society offers its members and the community. In addition to maintaining our local history museum, and providing lectures, the Society offers a varied and stimulating list of activities.

Of equal importance, membership in the Monongahela Area Historical Society provides an opportunity to meet with, exchange ideas with, and to share information and encouragement with other individuals of similar interests and concerns. It offers a genuine opportunity to make a contribution to today's community...and to the generations to come. It's an opportunity to make a difference. Please consider membership.
